

HIMALAYAN FOREST RESEARCH INSTITUTE, SHIMLA
TRAINING CALENDAR FOR THE YEAR 2024-2025

Sl. No.	Topic of the Training Programmes	Training Types (Training/Workshop/Seminar/ Conference etc.)	Dates	Funding Agency	Training Coordinator
1.	Cultivation and conservation of important temperate medicinal plants for livelihood generation	Training	03 days 6-8 May 2024	MoEF &CC funded	Dr. Jagdish Singh, Scientist-G, Extension Division
2.	साइलेज विधि: चारा आभाव अवधि में पौष्टिक चारे हेतु एक उत्तम विकल्प	Training	01 day 21 June 2024	Will be organized under AICRP-17	Dr. Pravin Rawat, Scientist-C, Genetics and Tree Improvement Division
3.	Agroforestry: An Option for Augmenting Additional Income for the Farming Communities of Cold Desert Regions.	Training	01 day July 2024	Will be organized under PLAN Project	Sh. P. S. Negi Scientist-D Silviculture & Forest Management Division
4.	साइलेज विधि: चारा आभाव अवधि में पौष्टिक चारे हेतु एक उत्तम विकल्प	Training	01 day 12 July 2024	Will be organized under AICRP-17	Dr. Pravin Rawat, Scientist-C, Genetics and Tree Improvement Division
5.	Capacity building of stakeholders on Seed and Nursery Techniques of Important Temperate Forestry Species.	Training	01 day September 2024	Will be organized under AICRP – 10	Sh. P. S. Negi Scientist-D Silviculture & Forest Management Division
6.	Biodiversity and its Conservation	Training	02 Days 23-24 October, 2024		Dr. Ranjeet Kumar Scientist-F, Forest Ecology and Climate Change Division
7.	Promotion of cultivation of <i>Fritillaria roylei</i> among local communities of Himachal Pradesh	Training	02 days September, 2024	Will be organized under NMPB funded project	Dr. Swaran Lata, Scientist- D, Silviculture & Forest Management Division
8.	Conservation and sustainable management of <i>P.</i>	Training	02 Days	Will be organized	Dr. Swaran Lata, Scientist-

	<i>gerardiana</i> for livelihood improvement of tribal communities of dry temperate regions of Himachal Pradesh		October, 2024	under ICFRE funded project	D, Silviculture & Forest Management Division
9.	Nursery and Plantation techniques of Kaphal and Bird Cherry	Training	8 November 2024	Will be organized under AICRP-27	Dr. Sandeep Sharma, Scientist-G, Silviculture & Forest Management Division
10.	Application of microbes in organic cultivation of crops and sustainable agriculture	Training	3 days December, 2024	Will be organized under EAP project	Dr. Ashwani Tapwal, Scientist-F, Forest Protection Division
11.	Systematics and characterization of insect fauna of North Western Himalaya	Training	3 days December, 2024	Will be organized under AICRP-20	Dr. Pawan Kumar, Scientist-F, Forest Protection Division
12.	Eco-friendly practices for management of insect-pests of forests	Training	3 days February, 2024	Will be organized under AICRP-20	Dr. Pawan Kumar, Scientist-F, Forest Protection Division
13.	Production and application of <i>Trichoderma</i> in plant disease management	Training	1 day February, 2025	Will be organized under EAP project	Dr. Ashwani Tapwal, Scientist-F, Forest Protection Division
14.	Capacity building training programme for frontline staff of Himachal Pradesh Forest Department	Training	03 days 10-12 February, 2025	Under HATZ Project	Dr. Vaneet Jishtu, Scientist-E, Forest Ecology and Climate Change Division

 [Dr. Sandeep Sharma]
 Director Incharge
